MIN 01:Opening Prayer

The opening prayer was led by Mr.Nzige John.

MIN 02:Recap of minutes from the previous meeting.

This was done by Mrs.Namulindwa Betty.

MIN 03:Communication from the chairperson about the etiquette.

- ✓ The chairperson talked about the lack of communication amongst the committee members. He said that members should respond whenever there is a message sent on the platform.
- ✓ He also requested that we should all desist from recording meetings unless we ask and get permission from all present members in the meeting.

MIN 04: Last BVS School Fees increment

- ✓ Mr.Francis talked about this and he said most parents were positive .
- ✓ Madam Daphine also had the same communication though they were still some struggling parents.

- ✓ Mr.Pascal said that he tried to move via some parents , other students and the neighboring students about the return of the learners and the response was yes. He added that the feeding of the learners was good.

He said that Father the Director of the School promised to motivate our learners for only two categories of students i.e.

- ✓ The pioneer students
- ✓ The best performing Students.

Madam Daphine: The school had a parents meeting for the nursery section and she managed to attend but her personal observation about the increment was not a bad move. She also observed that there are parents who are struggling to clear fees to zero balance (An option was given to parents in such cases, they can get in touch with the school management)

MIN 04: Pending issues.

- i. Services at the canteen: When the learners go to the canteen, the children are served in the hands which is not healthy.
- ii. Ask if they can avoid the oily things at the canteen and if served, how best can they be prepared.
- iii. Mr.Nzige added that teachers put recordings in the phones and when a child asks for help to call the parents, all the conversation between the parent and child remains on their phones and is then played to the other teachers.
- iv. Another issue was the teachers struggling to teach given streams , when a child fails to give the answers. The teachers start discussing negative comments about some teachers amongst the learners.
- v. The other issues was when a child writes a wrong spelling and the student tries to correct it by crossing it .That answer will not be marked, they will tell a learner they don't mark crossed work. This can affect a child's performance in PLE because a child will think that's how it is supposed to be.
- vi. Another issue was the bad touches because some parents complained about it.
- vii. Funny words like: You are a non-performer. The learners are being demoralized before the fellow students yet the remaining time is to bring the learners closer. These were the teachers mentioned;

Tr.Okello Stephene(Math)

Tr.Peter(Science)

Tr.Odonga

MIN 06: Way Forward

- i. Discouraging the parents/pupils from using the teachers phones.
- ii. The school should get an official line for the children to call when they are in need.
- iii. A follow up should be done by getting a day to visit the school.

- iv. Talk to Father to see how he can motivate the teachers and also to the parents who are willing to contribute.

Conclusion: The committee members suggested that they should visit the school on Saturday at 10:00am to see what was being served at school.

Closing Prayer: It was led by Mrs.Mulonde Daphine

Compiled by Mrs.Namulindwa Betty.
